夜に降る冷たい雨

Ahh, couldn't
run away, even
calling for help
doesn't work

HURTS,
HURTS.

HURTS.

IT HURTS,
IT HURTS,
IT HURTS.

At the same
time, there
is non-stop
pain

Continuous
noise,
Screaming
noise...

Because I have
nothing

IT HURTS!
Is there anyone
who can help...

The last I can use
to run away, and the
throat I used to call
for help, both are
gone.

AND

IT HURTS...

ENDLESS

Because "I"
"do not exist"
at any place

I'm
crawling

So

Sybil

Ah...

Just in
dream...

Great...

It really was...

Caused by
the sound of
the rain...

I am
clearly not
there.

Ear-plugging
noise along
with severe
pain.

And his
intermittent but
continuous
sounds of pain
from being
ripped apart

I always hear
lots of noise.
Half of it
is rain.

I would
sometimes
have a weird
dream.

And
before I
slept,

I didn't read
any horror
stories...?

~~~~~

What do  
you think  
I you're doing?

hey—

Where  
are...

She  
can't be...

Sleeping  
right?

Do  
not...

Right?

...

What's this,  
her eyes have  
no focus,

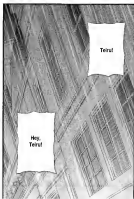

Where  
are...

at...

?

Don't -  
throw  
me  
away...

?

What does  
she mean  
by "hate"?

I apologize,  
Kazu-kun.

What do  
you mean?

When Kazu-kun  
came to get  
Teira,

you got  
soaked right?

I really  
hate...

when it  
rains at  
night

No, not  
sleepwalking.

About that,

why would  
you go  
outside,  
is it  
sleepwalking?

This is  
Teira's

illness.

Today, the weather looked nice, and we could see the stars, so I didn't think it would rain.

In the past when it rained at night, I would fix my hands to the bed and sleep.

Yes, it's real.

I heard it's caused by having a "guilt or regret that's held at heart."

Sleepwalking

Is it real?

Illness?

Yes, illness. If it rains at night, then I will unintentionally wander outside.

The doctor said it's a type of "sleepwalking illness."

Telru was...

huh?

Before we talked about Telru having always been at the orphanage.

By my mother,

Thrown away

dark, rainy  
night.

on this kind  
of...

I already,

don't remember their  
looks or voice.

I only remember...

That warm pair of hands,

That is all I  
remember.
